Dear Diary,

I have recently heard about several unusual hobbies that people have around the world. This made me think about my own interests and hobbies. I would like to get a new hobby and I searched the internet for other wonderful hobbies that people enjoy. Some people collect different board games to play with their friends on game nights. Others watch different kinds of movies and write reviews about each one. This helps their friends decide when they don't know which movie to watch next. The last hobby that I found was art that people make from all sorts of things that they don't use. This hobby helps to keep places tidy.

Sophie and her father go to a paint store. They want to buy paint to paint the yard wall in the new house. Sophie's father asks her, "What design will you have on the wall?" but Sophie doesn't know.

Sophie's father doesn't know how to design the yard wall. He's thinking whether to paint the walls in the shape of a tent or in an oval shape like the sun.

Sophie's father decided to paint the yard walls with four colors: orange, white, red and blue.

Sophie and her father are painting the yard wall with colored paints.

Sophie heard some voices coming from the basement. She walked down slowly and saw three raccoons painting the walls! What a strange dream Sophie just had.

Sophie was very happy and excited. She loved the design, particularly the tent-shaped painting with its beautiful and attractive colors.

Homes of the Future

Let's take a trip into the future and imagine what homes of the future will look like. In the future, houses will use technology and exciting designs to make homes that won't harm the planet. They will be made with strong materials that will be recycled or natural. The main entrance will be different. Houses won't have keys. They will have smart locks that recognize you, so the door opens by itself. In the future, screens will be built into the walls. Ovens and fridges will have smart features. That means that you will be able to use them from anywhere with your phone. Houses will have strong Wi-Fi networks. In conclusion, houses of the future will make our daily lives easier.

- 1 ما الذي ستستخدمه منازل المستقبل؟

They will use technology and modern designs.

- 2 كيف سيكون المدخل الرئيسي مختلفاً؟

Instead of using keys, houses will have smart locks.

- 3 كيف سيتمكن الناس من استخدام الأفران والثلاجات؟

They will be able to use them from anywhere using their phone.

New Message

To **Billy**

Dear Billy,
Today in class we talked about what we are going to
do when we grow up. My friend Lara says she may be
a manager because she likes telling people what to
do. My classmate Mike thinks he may be a driver or a
mechanic because he loves cars. Jess said she might
be a pilot because she likes flying, but she says it's not
an easy career. I hate flying, so I know I'm not going
to be a pilot or a flight attendant. I may be an artist or
a fashion designer. You know I like creating, so I think
those will probably be good options for me. My sister
is going to be an engineer but that's very difficult.
What about you? Do you know what you are going to
be when you grow up?
Amy
